

10 May 2013

REPORT FOR THORNDON PARISH COUNCIL MEETING 09/05/2013.

Reported Crimes.

There have been two crimes to report in the village.

On 1st May someone set fire to straw bales

Over the Bank holiday weekend persons unknown have damaged the fence at the play area in Fen View

We are experiencing some crimes of domestic oil thefts locally. However, this winter has been extremely cold and prolonged with everyone using their heating more than at this time last year. We would urge everyone to be aware of their usage and the levels of oil in their tanks as some people have reported thefts to us, which when we have attended the location and spoken at length with the homeowner, their tank is not easily accessible from the road and there are no signs of disturbance or damage to the tank. It is purely due to increased usage.

Following a spate of dwelling burglaries in the Mid Suffolk area in recent months, several suspects for these crimes have now been arrested and enquiries are ongoing.

These offences have occurred during daytime as well as overnight, so if residents do see suspicious persons and/or vehicles in their village we would urge them to dial 999 straight away with descriptions and vehicle details if possible.

If houses are unoccupied during hours of darkness, please remember to close curtains and leave lights on. Security mark your electrical goods with a UV pen and take pictures of high value items such as jewellery.

The Current Priorities for Mid Suffolk Central are:-

- To identify potential targets for theft of garden ornament statues and planters and provide practical advice to owners on how to improve security, whilst actively gathering intelligence and encouraging the public to report suspicious incidents.
- To raise awareness of catalytic convertor thefts and to provide advice on prevention
